

STT MUMBAI DC 3

Factsheet

STT Mumbai DC 3 is the only enterprise grade data Centre within the Financial Hub of the city – Bandra Kurla Complex (BKC), offering proximity to financial institution and BFSI customers. The current mix of banks, insurance and other financial organizations lend a desirable network externality for the BFSI Segment.

Being designed as a highly resilient and secure facility boasting the highest standards of structural and technical data centre design specification, STT Mumbai DC 3 is accredited with CEEDA Certification specifically designed for Data Centre buildings.
